Hi Holly,

Align will agree:

- To an extension of Institut's deadline to serve its responses to Align's jurisdictional discovery by one week
- To not argue that Institut waived its objections because it did not respond sooner than the updated deadline

If Institut agrees:

- To extend the jurisdictional discovery period by two weeks (e.g., both sides' timelines shift by one week)
- To not object to Align's deposition notices on the specific basis that they are untimely (Institut can raise other objections)

Please let us know if Institut agrees and we can prepare the joint motion to extend.

Best,
Forrest

Forrest:

Thank you for your email. We had an incorrect date docketed on our end. We had believed the objections were due August 20, and are prepared to serve then. Will you consent to that short extension? We would be willing to offer a reciprocal one week extension to the jurisdictional discovery period.

Best,
Holly
